

**FULL SYNTHETIC**

***RACING***

**4-STROKE PISTON ENGINE OIL 20W-50**

This formulation has been specifically engineered to provide maximum performance and protection for racing engines being used under severe conditions. Built on a tradition of excellence by IDEMITSU, this technology is derived from decades of experience formulating premium lubricants for Japanese auto manufacturers.

- Special Molybdenum Agents Reduce Friction, Boosting Horsepower & Torque
- Enhanced Film Strength Provides Excellent Durability and Wear Protection
- Special Additives Reduce Carbon Deposits on Piston Rings, Minimizing Compression Loss and Maximizing Power Output
- Superior Shear Stability Decreases Viscosity Breakdown, Which Ensures Consistent Quality Performance Over the Life of the Oil
- Formulation Exceeds API SM Standards

**Application:**

- Formulated specifically for High Performance Racing Engines
- Compatible with turbo charged and super charged applications
- Compatible with Methanol Alcohol and Gasoline Fuel
- Fill Crankcase to Manufacturer's Recommended Level

**Characteristics:**

Exceeds API Service Class SM

SAE Grade:	20W-50
Viscosity @ 40°C	130 cSt
@ 100°C	18.6 cSt
Viscosity Index:	161
CCS Viscosity @ -15°C	4490
Pour Point:	-45°C
Flash Point:	250°C

**Packaging:**

Quart (.946 L)

**IDEMITSU Racing USA**
